The above matter has reference.

This letter serves to inform the Department of Mineral Resources and Energy that Universal Coal Development II (Pty) Ltd, Berenice Coal Mine has appointed Nsovo Environmental Consulting to conduct Public Participation Process and amend the Environmental Impact Assessment Report as per the recommendations of the appeal decision from the Department of Forestry, Fisheries and the Environment dated 25 February 2022.

The reason for the change of the EAP is that Jomela Consulting was engaged through telephone and e-mails but showed no interest to proceed with the application.
